How many different types of resources are there There are 5 main resources. - Food: A necessary resource for building and maintaining an army. - Wood: Used in the construction of buildings and military recruitment. - Stone: Used in the construction of buildings and fortifications. - Iron: Used in the construction of buildings and for recruiting high level troops. - Silver: The in-game currency. It is used in the construction of buildings, the recruitment of troops, the trading of goods, and the research and development of technologies. How do I obtain Silver? Silver Production = Population * Tax Rate. For example, Population of 8000 * Tax Rate 80% = Silver Production of 6,400. Click on the Resource Details tab for more details about your Silver Production. - You can use "Tax Order 1" or "Tax Order 2". - Go to the Senate and collect Silver from your citizens. - Go to the Market and trade resources for Silver. - Go to the World Map and plunder other cities. - Complete Daily Tasks - Increase the city's population. How do I obtain Food, Wood, Stone and Iron? Food, Wood, Stone and Iron Production is determined by the number and levels of your resource production sites as well as your Laborers. - You can use a "Food Boost", "Wood Boost", "Stone Boost" or "Iron Boost" to increase production. - You can occupy Wildlands. This will increase your resource production. - You can send troops to gather resources on an occupied Wildland. - Go to the Senate and collect resources from your people as a form of tax. - Go to the Market and trade resources with merchants or other players. - Go to the World Map and plunder other cities. - Complete Daily Tasks Empire War: Age Of Heroes Cheats Use any hex editor apps that are available for android/iOS and change the value of HEX Dword to any amount you want. Gold HEX 2b dc 95 20 Dword If the codes doesn't work, it is possible that your android version is not compatible with the code I provided above. Fortunately you can do it manually! To do it manually, just use search function in your hex editor app, enter your current Gold value in Empire War: Age Of Heroes and search for it (choose DWORD) . If you see a small list of results, example 10. Just edit the value of them one by one until you can find the real HEX! If you see a large list of result, you need to change the value of your current Gold value in Empire War: Age Of Heroes by either using/consuming or adding it. Go back to the list and find your new current Gold value in Empire War: Age Of Heroes to the large list and you can now edit the value any amount you want.
