Its sometimes used to censor vulgar words or as filler text for unknown characters. I dont give a flying xxxx. If I go to the states I pay \$14 to enter. @MTUKLondon, April, 2018 Happy bday you oblivious little bean @kelseyanalee hope you have a brill day, lots of love xxxx @kirakaur1997, April, 2018 Anyone else ever get spam msgs on their cell phones? 2 days in a row now that I get one eg; your pin is xxxx txt xxxxx to find your crush!! @jumpyjay, November, 2007 XXXXis used globally, primarily in electronic communications like text messages and emails, to represent kisses or, more generally, mark an affectionate, loving, goodbye. In the English-speaking world, XXXXis more prevalent (and especially as XX) in the UK, Australia, and Ireland than in the US and Canada.While not necessarily romantic, it is familiar and often familial, inappropriate in professional contexts.People tend to avoid XXX when communicating kisses, as the letters are associated with pornography. Sometimes, XXXX can signify pornographic content that bills itself as extra-explicit.Some users pronounce XXXX as kiss kiss kiss kiss.XXXX can also be a form of censorship, replacing four-letter swear words in online communities with policies against swearing. Its also sometimes used to redact unoffensive text, such as the last four digits of phone numbers (mostly in the US and Canada) or PIN numbers. This is not meant to be a formal definition of XXXX like most terms we define on Dictionary.com, but is rather an informal word summary that hopefully touches upon the key aspects of the meaning and usage of XXXX that will help our users expand their word mastery. What does XXXXX mean? We have 3 definitions. Read most used XXXXX meanings below.
