About us Low Prices Free Shipping Privacy & Security OfficeSupply.com was founded in 2003 in Columbus, Wisconsin. Our goal is to offer online customers a large product selection of top brand products, low discount prices, and top notch customer service. We strive every day to make sure we consistently hit these goals for our customers. We're more than just office supplies! We are proud to be one of the largest online retailers of products for: schools, furniture, electronics, janitorial, cleaning, food service, restaurants, technology, industrial, safety, warehouse and human resources. Our knowledgeable team is ready to answer your questions and complete your order. Whether you are buying for your office, business workspace, school, manufacturing facility, restaurant or your home, we want you to enjoy your shopping experience. We have continued to grow each year thanks to our loyal customers! Read our customer reviews. We appreciate your business and thank you for shopping with us! The Big Box retailers would like you to believe they have the low prices on their entire selection. We encourage you to compare our every day prices to their prices. If you have a contract with another company for your office supplies, you may find they give you a low price on some of the items you need but will overcharge you for the others. We have developed technology that allows us to shop the competition for you. Not only do we shop the Big Box stores, we also shop our independent competition on the web. Free Shipping & Fast Delivery in the 48 contiguous US States How do we make our prices even better? Free shipping and fast delivery! We offer free shipping in the 48 states on most orders over \$45.00. We include most items on our site with free shipping if the order sub-total (after coupon is applied) is \$45.00 or more. We have over 80 distributions centers throughout the country with many items being delivered in 3-4 days. Items that ship via freight line (due to size or weight) ship for a low \$89.00 for the first item and \$40.00 each additional item. If an item is over sized and ships freight it will take a few extra days. Please see each product page for estimated delivery time by item. Please see our full shipping policy for full details. We take your privacy very seriously at OfficeSupply.com. We employ Viking Cloud to scan our site every day to make sure it is secure. We also have advanced secure socket layer (SSL) encryption on all cart checkout pages so your information is encrypted. We never sell or rent your email address to any third parties. You will receive from us order status emails, as well as, promotional emails with exclusive savings if you opt-in to those. They will save you money and keep you up on the latest deals that we offer our best customers. You can opt out of these at any time. Please read our privacy policy for more details.
