Open navigation Go to Reddit Home Log In Log in to Reddit Open settings menu The game already has a launcher, GOG Galaxy, why does it now open a second launcher just to play the game? And i'm actually launching it through Vortex anyway so my mods work. Is there no way to make this go away so when I press to launch the game it just launches it without screwing around? Edit: It didn't do this yesterday, why did this start today? Page 2 El juego ya tiene un launcher, GOG Galaxy, ¿por qué ahora abre un segundo launcher solo para jugar? Y de hecho lo estoy lanzando a través de Vortex para que mis mods funcionen. ¿No hay manera de hacer que esto desaparezca para que cuando le doy a lanzar el juego, simplemente se lance sin complicaciones? Edit: Ayer no hacía esto. ¿por qué empezó hoy? Page title • I did it! By myself with a part time job at 22! 132k\$ 6.35% 1.6 acres r/FirstTimeHomeBuyer r/FirstTimeHomeBuyer Buying your first home can be exciting, confusing, and everything in between -- and you don't have to go through it alone. This community aims to provide a place where members can ask questions, share stories, and celebrate wins! We welcome everyone from window shoppers and house hunters to experienced buyers, hobbyists, and pros. Please review the rules, and use user flair and post flair to keep conversations helpful and on track. Members Online • I did it! By myself with a part time job at 22! 132k\$ 6.35% 1.6 acres Self-promotion is forbidden. No spam, self promotion or age/gender tagging; watermarking only with Reddit username for OC. No selling or advertising of any social media allowed here No clickbait titles or impersonation. Do not solicit upvotes, comments, PMs or follows of any kind. If you promote your OnlyFans or ANY other social media or paid content, you will be PERMANENTLY BANNED Rule 1 includes (but is not limited to) OnlyFans, Instagram, Snapchat, TikTok, Fansly etc. WOMEN ONLY! No penises. Absolutely no AI crap. No videos. No albums/galleries as a post. Single images or gifs only. Albums may be posted in the comments section. Post will be removed. Users may be banned. Penis posts are an IMMEDIATE ban. This subreddit is all about redheads. The entire red head must be visible! True redhead ONLY NO WIGS Post the best image version possible: no stitching or collaging of images, no redactions/blurring/censoring Don't repost anything in the top 100 or anything from the past month or any pics you've already posted here. Please check! 30 day ban for offenders. No exceptions. Want to find where an image comes from or who a model is? We are not your search engine. Search, do not ask here. Use reddit tools like r/TipOfMyPenis or r/PornID. Asking for a source or name annoys everyone and will result in a ban. Excessive x-posting and top-mining are forbidden. A couple of x-posts are allowed. Don't post the same pic/gif across multiple subreddits or repost something already posted elsewhere many times, it's already on everyone's frontpage. No x-posting of original content that belongs to other Redditors. There is zero tolerance for trolls, assholes, unsolicited bots, or novelty accounts. If you are either and act as such, or encourage (i.e. "feed") any of the above, you will be banned. Nudity or lingerie at minimum is required. This is a NSFW subreddit. If it fits in r/gonemild, then it does not belong here. No censored content. Try r/sfwredheads to keep it clean. We allow lingerie or otherwise revealing or not publicly-appropriate attire. ORIGINAL CONTENT is now permitted only by Verified female Redditors. See our instructions on how to do Verification. No tags or emojis permitted in the title. Posts with titles that include an emoji, (f) or (OC), or anything similar, will be removed and verification may be revoked. Don't use emojis in your title or in the comments. Any post or comment that uses emojis will be removed automatically by the bot. Don't post Ahegao or anything with your tongue out. It's fucking stupid. DO NOT ask the models here to DM you. You will be banned. Moderator list hidden. Learn More View all moderators Go to PCRedDead In-game Vsync makes the game quite choppy when enabled. I recommend disabling the in-game Vsync and turning it on externally via the Nvidia control panel Texture: Ultra; No significant gain Anisotropic Filter: Ultra; No significant gain Lighting Quality: Medium; 40% FPS increase!! Global Illumination: Ultra; No significant FPS gain Shadow Quality: High; 5% FPS increase, negligible visual difference Far Shadow Quality: High; 0,5% FPS increase, negligible visual difference SSAO: Ultra | Off; 6% FPS increase, Not recommended, very noticeable visual difference Reflection Quality: High; 16% FPS increase | Medium; 20% FPS increase, slight noticeable visual difference Mirror Quality: Ultra Water Quality: Medium; 15% FPS increase, slight noticeable visual difference Volumetrics Quality: High; 5% FPS increase | Medium; 7% FPS increase, slight noticeable visual difference Particle Quality: Ultra; No significant FPS gain Tessellation: Ultra; No significant FPS gain TAA: High FXAA: Off; noticeable visual difference MSAA: X2 = -16.5% FPS | X4 = -31% FPS | X8 = -50% FPS | Use this if you have FPS to spare DLSS: 1080p: Quality +8% FPS, Balanced +11% FPS, Performance +15% FPS, Ult. Performance +19% FPS 1440p: Quality +13% FPS, Balanced +18% FPS, Performance +24% FPS, Ult. Performance +29% FPS 4k: Quality +23% FPS, Balanced +28% FPS, Performance +41% FPS, Ult. Performance +56% FPS DLSS is something you have to play around with. Visual quality reduces pretty significantly the lower you go. This is especially noticeable on lower resolutions. It's best to do the other graphical settings first and then my recommendation is to start with no DLSS and then go lower until you think the effect becomes too noticeable. DLSS Sharpness: No more than half is recommended. Advanced Settings: Graphics API: Vulkan; no average fps difference but it runs smoother for me and looks better Near Volumetric Resolution: Medium; 6,5% FPS increase Far Volumetric Resolution: Ultra | Medium; 1% FPS increase Volumetric Lighting: High; 3% FPS increase Unlocked Volumetric Raymarch Resolution: On; No significant gain Particle Lighting Quality: Ultra; No significant gain Soft Shadows: High; 1,5% FPS increase Grass shadows: Medium; 1,5% FPS increase Long Shadows: On; No significant gain Full Resolution Ambient Occlusion: Off; 3,7% FPS increase, negligible visual difference Water Refraction Quality: Medium; 7% FPS increase | Low, 8% FPS increase, negligible visual difference Water Reflection Quality: High; 1,5 FPS decrease, noticeable visual difference Water physics: Half; 31% FPS increase compared to Full, 3,5% FPS increase compared to 3/4 TAA Sharpening: 60% at most (same bar length at Geometry Level). Don't use it if you use DLSS. Motion blur: No significant difference. Use what you prefer. Reflection MSAA: X4 Geometry Level of detail: 3 is recommended Grass level of detail: 4 or 10. 4 = +1% FPS increase, negligible visual difference Tree Quality: Ultra; No significant gain Parallax Occlusion Mapping Quality: Ultra; No significant gain Decal Quality: Ultra; No significant gain Fur Quality: High; No significant gain Tree Tessellation: Off; 8% FPS increase [Sean Casey] "...had he not taken that slide from Machado I think Pedroia was on his way to Cooperstown..." - what could have been... • [Sean Casey] "...had he not taken that slide from Machado I think Pedroia was on his way to Cooperstown..." - what could have been... • This page may contain sensitive or adult content that's not for everyone.
