It does every of clothing and armor you have even more valuable, so download it, install it and use it! 16. Take cover The 16th best Fallout 4 mod is the coating. This is quite beautiful as it allows you to take cover behind different objects and lean to shoot when you aim to look at your sight. Also, you can change your shouldersWhich means you can move back and forth from first person to third person for cover, then return automatically. 15. Infinite Munitions for Your Comrade The infinite mod ammunition allows you to give your partner the opportunity to use unlimited ammunition. In free time as it got at least one round of ammunition for the weapon in their inventory, so you can apply the mod and you're fine to go. The only weapon that didn't win the job is the Mini-Nuke Fat Man launcher. You need us to explain why?! 14. Craftsmanship Ammoif You are trying to add more Crafting to your Fallout 4 Build-Fest, then install the hack craft will go to work miracles for you. The mod includes a new crafting table calling a recharged workbench. This crafting table allows you to take your material and fill your ammunition stores with a ton of bullets and bombs. Craftable Ammortizzabili saves you a lot of time, as you don't need to wander through wild nature looking for ammunition can create your own! 13. The most exciting mod in the list, but still a pretty addition to your gameplay. Trems allows you to add radioactive rain, heavy fog, dust storms and heavy rain to your gameplay.again, it is not the most exciting but changes the feeling of the game and keeps you on your toes. 12. The legendary changes Our weapons have just improved! Once you install this mod, you will have the power to customize your existing weapons with attributes from legendary weapons or armor. He warned, adding some of the legendary attributes to some of the weapons will make your super strong standard hunting rifle, which could be a little pre-potent. Effective them, test them and take your favorites.11. Improved map with visible roads This is what you would like to call a short and sweet mod, since it only does a small thing, but makes a great difference to some. The improved map with visible ways mod adds a much better and higher contrast map that features roads, topography and water lines. It also provides the option of grids and regions of the number included. As I said before, it is a small addition, but it is worth a lot for about 10. No build limitThe tenth Best Fallout 4 MOD is not a build limit. With this mod, it is able to remove the limits of construction that are currently within the game. Removes the build limit for all settlements and allows you to stack as many objects one over the other as you wish. However, caution is recommended when using this mod, how to pass the limits could result in slowing down the game or completely crashing.9. Place everywhere / Everywhereforre Anyone with OCD, this mod is a Godsend! We all know that the editor of settlements ofstandard in Fallout 4 is not the best from a long shot, with walls that do not align properly and furniture that are unable to be inserted in the exact point you want. Dell, do not look beyond the place anywhere/any mod, and can kiss goodbye to all the above mentioned problems.8. ODecoRatorLe eighth best4 mod is ODecorator. This mod allows you to block mobile objects in their place using the in-game regulation generator. So, all the items you collected during the game can now be installed as static objects, which means no longer to overthrow objects, collect them and put them back in place.7. Intimidation Overhaul If you like the feeling of intimidating others, then you will be satisfied with this mod.Intimidation Overhaul introduces new intimidating features such as shaking people, handing them over and forcing them to escape. It is a beautiful addition to intimidation and actually makes it much more realistic and realistic, as these are certainly some of the things you would do if you had to intimidate someone, right?6.
