The farmstead cedarburg wi menu

With over 20 years in the making, our menu does not disappoint. Farmstead cedarburg menu includes steaks, fish and many delicious entrees. Went on an early Friday evening. Kind of hard to find but well worth the search. There was a wait for the table but it didn't matter since we got drinks and a great appetizer at the bar. The best steak and garlic mashed potatoes I've ever had! Tender, juicy, and delicious. Loved the environment and the food. Take a trip to a pocket-sized restaurant hidden in a 150-year-old fieldstone farmhouse, just south of Historic Downtown Cedarburg. Known for garlic glazed steaks cooked right behind the bar, the Farmstead serves up great food with a side of fun. Antique farm motif, warm lighting and casual attire are just some of the reasons locals like to keep this Cedarburg's best kept secret.
