This leaderboard is disabled as your options are different to the resource owner. Many of the best games bring people together like nothing else, transcending boundaries of age, sex and anything else that typically divides. Fun group games for kids and adults are a great way to bring friends and family together for any occasion. Examples include jigsaw puzzles, crosswords or even word searches. Teaching someone else how to play a game can be a valuable bonding experience, whether they're older or younger than you are. Young kids often love teaching adults how to play new games, but there are other ways games change relationship dynamics. Games are one of the best ways to structure social interaction, from indoor party games for adults to epic games like Risk or Dungeons & Dragons. Relieve Stress and Break the Ice When times get tough and tensions threaten to split people apart, it may be time to play some fun indoor games for adults. Serious Bible study groups, for example, may not seem a place for fun and games, but Christian games for adults - especially those with an emphasis on comedy - can greatly enhance the cohesion of such groups. Scavenger hunt games also encourage a sense of nostalgia, evoking memories of childhood and an accompanying sense of childlike wonder and fun. Create New Memories Remembering the past is always fun, but the best games allow you to create brand new memories as a group. In many cases, players loosen up and give in to the fun. Put Everyone on a Level Playing Field Forget boys' games and girls' games, kids' games and adult games, video games and complicated card games. When you go for a game that's new for everyone involved, everyone starts on a level playing field. A one-player video game, for example, can be turned into a two-player exercise in trust if the player with the controller relies on the other to guide him or her through the virtual world. Reflect on Fond Memories Trivia games for older relatives can be a touchstone for reflecting on memories. Working as a team, either as a whole group or as subdivisions of that group, naturally brings people closer together. Collective Concentration on a Shared Goal Cooperative (non-competitive) puzzle games promote the concept of a shared goal as a way to bring people together. You could also stage a creative singalong. Structure Interaction People love to come together, but sometimes they lack a reason to do so. This leaderboard has been disabled by the resource owner.
