© 1996-2025, Amazon.com, Inc. or its affiliates Amazon Prime Day may be a few weeks out, but you can already score steep savings on customer-favorite vacuums. A handful of Dyson vacuums are currently marked down by \$100 or more at Amazon, including the best-selling Dyson V11 cordless vacuum. The powerful cleaning gadget, which boasts a whopping 60 minutes of run time on a full charge, is currently at the lowest price we've seen all year. Several other Dyson cordless vacuums are also on sale for up to 26 percent off, as is the brand's popular Dyson Ball Animal upright vacuum. Beat the Prime Day rush and shop the five best Dyson vacuum deals now. Normally almost \$600, the Dyson V11 is at the lowest price we've seen since the lead up to Black Friday last year at Amazon. It's got the brand's trademark sleek design, complete with a metallic blue wand and purple detailing you can't help liking. It comes with three attachments, a wall-mounting docking station, and a charger. "It picks up absolutely everything," wrote one reviewer, who said the brush roll stayed clear despite sucking up hair and strands of rope-based chew toys. "This is my new favorite household appliance. I actually enjoy sweeping with this thing." For a more affordable option for everyday cleaning, opt for the Dyson V8 while it's \$120 off. It comes with the same extras in the box as the V11 and weighs less than 6 pounds (about a pound less than the other model), making it a breeze to maneuver around the house. Its battery lasts for 40 minutes on a full charge, and it converts to a handheld vacuum with an easy click. The eject button for emptying the dust bin is on the top instead of near the trigger, which makes it easier to remove. Snagging a Dyson vacuum for less than \$300 counts as a steal in our book. Ideal for deep cleaning hard floors and carpets, the powerhouse Dyson Ball Animal 3 has three cleaning modes and a detangling brush head that pet owners will love. "Your mind will be blown by how powerful and effective this vacuum is," wrote one reviewer, who lives with two constantly shedding dogs.
