PRICE is het Praktijk- en Innovatiecentrum Circulaire Economie voor Flevolandse ondernemers en kennisinstellingen.Ons doel is om de innovatiekracht van jou als ondernemer en als student/docent te vergroten door middel van circulaair denken, ontwerpen en bouwen. We stimuleren challenge based learning omdat dit theoretische kennis koppelt aan de praktijk. Onze hub bevindt zich in Almere op het Hortus-terrein aan het Weerwater. Kom een keer langs! In een circulaire economie gebruiken we grondstoffen en producten zo lang mogelijk en steeds opnieuw. We hebben geen afval meer, maar gebruiken het als een grondstof om producten mee te maken. Er zijn veel strategieën en manieren om materialen te blijven gebruiken en zo veel mogelijk waarde te laten behouden. Het is dus veel meer dan recylen of biobased bouwen.Circulaire ontwerpprincipesWanneer je een nieuw product of dienst ontwikkelt, ontwerp dit dan direct voor een circulaire economie. Als basis voor de ontwerpprincipes gebruiken we de technologische en biologische cycli van het vlindermodel. In ons jaarprogramma I am Material staat iedere maand 1 materiaalgroep centraal. Op 18 september staat BIOBASED: PLANTAARDIG centraal. Tijdens kennissessies worden de duurzaamheidsuitdagingen, transitiekansen en innovaties besproken n getoond. Meld je ook aan! Samen met jou als student, docent, ambtenaar of ondernemer kijken we hoe we jouw opdracht verder kunnen brengen. Dat doen we met onze innovatie-aanpak, kennis, netwerk en testfaciliteiten. Dus heb je een circulaire uitdaging, laat het ons weten! Heb je een idee of concrete opdracht, maar loop je tegen een probleem aan in het innovatieproces en heb je advies nodig voor de volgende stap? Wij helpen jou van denken naar doen. We maken van jouw vraagstuk een challenge en helpen je met impact maken. nounsidioms jump to other results [countable, uncountable] the amount of money that you have to pay for somethingBoat for sale, price 800House/oil/share pricecrising/falling pricesto increase/lower/reduce pricesWe will have to raise ticket prices.The company has announced that it is cutting prices.In the past year, house prices have fallen.The price of crude oil has risen over the last few months. price for something to charge a high/reasonable/low price for somethingto pay/charge a price for somethingHe managed to get a good price for the car.Retail prices for food at the supermarket rose just under two per cent in the first quarter.Can you give me a price for the work (= tell me how much you will charge)?Children over five must pay (the) full price for the ticket.I'm only buying it if it's the right price (= a price that I think is reasonable).How much are these?
